

HEXX - The heavy duty choice to support large fish finders.

HEXX Rotating Platform

Solid, rotating, removable and elegant mount for larger fish finders from Humminbird, Lowrance, Garmin and more.

- Holds up to 11lbs (5kg)
- 90° platform rotation
- Stainless fasteners included
- 10" x 3 2/5" x 3" (252x86x75mm)
- 1 x HEXX Base included.

11-4175-11

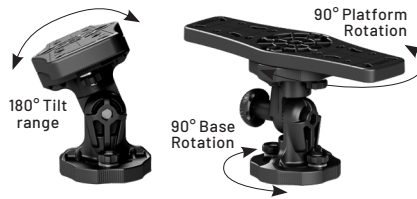

HEXX Fish Finder Mount

Removable, adjustable, high load mount for Fish finders up to 12". Stable and solid for large electronics.

- Holds up to 6.6lbs (3kg)
- 90° rotation / 90° base rotation
- 180° tilt
- Adjustable to suit complex mounting locations
- Stainless fasteners included
- 10" x 3 2/5" x 5 7/10" (252x86x145mm)
- 1 x HEXX Base included.

11-4174-11

HEXX - For the largest trolling loads and strongest strikes of all RAILBLAZA rod holders.

HEXX Rod Holder

Engineered for enhanced strength and durability through advanced high-impact materials and robust design.

- For spinning reels, bait caster and saltwater overhead reels
- Rotating collar helps reduce 'strike-theft'
- Rear gimble lock reduces rod rotation for compatible rods;
- Fully adjustable 90° around, over 90° vertical
- Square-tooth adjustable tilt stops rotational slipping.
- 1 x HEXX Base included.

11-4189-11

HEXX Base

Easily move Fish finder locations.

- 3 3/10" (85mm) x 1 1/10" (28.8mm)
- Stainless fasteners included

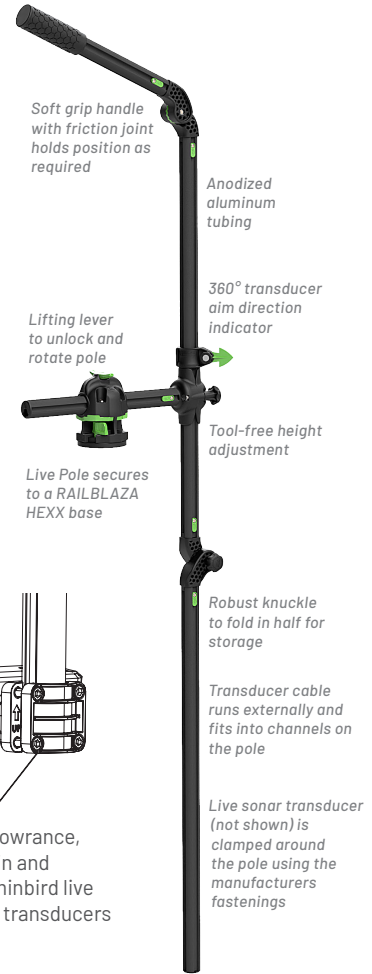

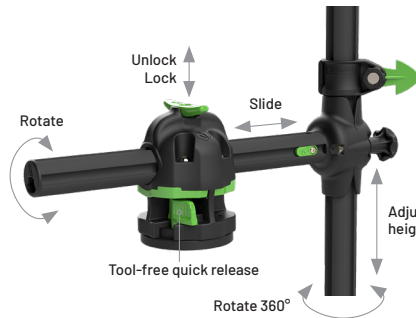

07-4180-11

HEXX Live Pole

View more action below the water in real-time. HEXX Live Pole attaches to the deck and is swung into the water enabling a live transducer to be aimed at underwater targets. After use, HEXX Live Pole is swung out of the water for deck storage or easily removed, folded, and stowed.

- Fits Lowrance, Garmin and Humminbird transducers
- Easy 360° degree rotation to follow targets
- Stable up to 5 knots of boat speed
- Direction indicator shows transducer aim
- Adjustable inboard and outboard
- Unlock to rotate in and out of the water
- Stows on deck or detaches completely
- Tool-free adjustment.

HEXX Live Pole 60

Perfectly places the soft grip handle near hip height for easy operation when installed on powerboats.

- 61" (1550mm) overall length
- 32 7/10" (830mm) folded length
- 1 x HEXX Base included.

Fits Lowrance, Garmin and Humminbird live sonar transducers

HEXX Live Pole 30

Easily install and control live sonar transducers on kayaks, canoes and dinghies with low freeboard.

- 30 1/4" (768mm) overall length
- 1 x HEXX Base included.

HEXX - The best fishing experience with Lowrance, Garmin, and Humminbird.

Live sonar technology displays high-resolution images of targets in real time moving in and around structure as they respond to lure presentations.

With immediate feedback, anglers can search for target species, adjust the presentation to trigger a strike, and know if more than one predator fish is active in the area.
